- Lifetime access to Instagram media library
- 10% off other courses

Employment:

1. Employment will depend on how well your interview went.
2. If you're being assessed by a dental clinic and successfully passed it, you'll have a higher chance of employment.
3. The better you perform in your practical lessons and Competency Assessment, the higher chances of your employment.
4. Dental assisting is a female dominant industry, if you're a male, your chances of employment is very slim.

To avoid overpromising and under delivering, 4HandsDA **will not be accepting male trainees** unless it's for a pre-course knowledge for further education e.g. Dentistry or dental mission work

We suggest you to consider other industry if you're taking this to find employment or if you're really interested to learn about dental assisting, you can register for [FDA \(e-learning only\) Course](#).

Medical Conditions

1. We are unable to assist your job search if you have contagious medical conditions e.g. **Hepatitis B, HIV/AIDS, Tuberculosis**, you can consider [FDA \(e-learning only\) Course](#) if you're still keen on learning about the dental industry.
Unless you are applying as non-clinical position, otherwise, most clinic will reject any dental assistant candidate with the above mentioned medical conditions. ([MOH Guideline](#))

School Assistance in Job Search

1. Upon passing the Competency Assessment, send your resume to SG_4hands@outlook.com
2. The school will only assist job search for the trainees of FDA-ELP, please do not send someone else's resume.
3. Kindly ensure your details on your resume are accurate before sending or it will delay your job search.
4. Your resume will be sent to out 60+ dental clinics on our list of prospective employers.
5. The school will *guarantee* at least 3 *job interviews* but not employment because that depends on how well your interview went.
6. Please do not reject ALL the clinics that offer you employment or job interviews, if you reject all, you'll have to search for the other dental clinics yourself.

Withdrawal / Refunds

1. There is no withdrawal or refunds once registered.
2. Only serious learners should take FDA-ELP!
3. Take your time to reconsider if you're not 100% sure you want to do this.

By proceeding, you have agreed to the above Terms and Conditions.
